

CHAPTER 5

LIST OF PREPARERS

April, Bruce - Senior Environmental Planner. Environmental Stewardship Branch Chief; BS Biology, SDSU; eight years experience in biology and regulatory permitting.

Barron, Claudia - Graphic Designer III, Graphics designer for the environmental document; B.F.A. Illustration Syracuse University, 24 years experience in graphics, 12 years with the Department.

Brewster, Michael W. - Associate Environmental Planner. Project Environmental Analyst and preparer of the environmental document, M.U.R.P, University of California – Irvine; three and a half years experience in environmental analysis and the preparation of environmental documents.

Canton, Marvin A. - Registered Civil Engineer. Project Design Engineer for the project; 10 years experience in project development and highway design work.

Cather, Ross - Senior Transportation Engineer. Project Manager; PMP; PE; BSCE, San Diego State University; 17 years experience in the development and management of transportation projects.

Chisholm, John - Senior Environmental Planner. Environmental Branch Chief and document oversight for the project; M. A. Geography, SDSU; 14 years experience in environmental analysis and the preparation of environmental documents.

Clayton, Jacqueline - Air Quality Analyst. A.S in Construction Inspection, Southwestern University; 12 years Caltrans experience.

Fordham, Michael M. - Transportation Engineer. Roadway foundation investigations, including the preparation of Preliminary and Final Geotechnical Design Report; MS Civil Engineering, University of Nevada - Reno.

Fox, Ann (P.E.) - Senior Transportation Engineer. Project Manager; BSCE, South Dakota School of Mines and Technology; 11 years experience in the development of transportation projects.

Hajalilou, Leila - Transportation Engineer, Environmental Engineer and preparer of the Air Quality Study for the project, Bachelor of Science in Civil Engineering; eight years experience.

Hovey, Kevin - Associate Environmental Planner. District Archaeologist, M.A. in Anthropology, University of California, Riverside; B.S. in Physics and B.A. in Anthropology, SDSU, four years Caltrans experience.

Khanis, Lima - Transportation Engineer. Sound Wall Action Team leadperson and preparer of the Noise Abatement Decision Report; Professional Engineer, M.S.C.E, SDSU; 2 years of noise abatement experience, 10 years of public service.

Lewis, Jeff - Senior Transportation Engineer. BSCE University of Missouri- Rolla; FHWA reviewer of the project; 23 years with Federal Highway Administration (FHWA).

McCartt, Michelle - Associate Environmental Planner. Community Impact Specialist; preparer of the Community Impact Assessment for the I-8/Imperial Avenue Interchange Reconstruction Project; Masters of City Planning, SDSU; B.A. Environmental Studies, UCSB; four and one-half years experience in environmental analysis.

Miller, Kim - Associate Environmental Planner (Natural Sciences). District Biologist and preparer of the Natural Environment Study; B.S. Biology, SDSU; 12 years experience in environmental analysis and the preparation of biological technical reports.

Nguyen, Han - Transportation Engineer. Preparer of the Water Quality and NPDES Study ; B.S. Civil Engineering, Portland State University; two years experience:

Pan, Yi - Transportation Engineer, Storm Water Management staff engineer and preparer of the Water Quality and NPDES Study; M.S. Environmental Engineering, University of Southern California; nine years in water and wastewater management; six and one-half years in water quality control with RWQCB.

Perez, Cesar – FHWA Team Leader Southern Region, BSCE, University of Puerto Rico, MS in Transportation, University of Nebraska, FHWA reviewer for project, 25 years with FHWA

Sanchez, Randy (P.E.) - Senior Transportation Engineer and Project Manager (previous); B.E Civil Engineering, Stevens Institute of Technology; 11 years experience in Transportation Engineering, 2 years experience in Project Management.

Stecklein, Andrew - Hydraulics Engineer. Floodplain Analysis for the project; B.S. Civil Engineering, Colorado State University; two years experience in hydrologic/hydraulic analysis of drainage systems.

Strickland, David - Landscape Associate/Landscape Architect. Preparer of the Landscape/Visual Assessment; MLA Landscape Architecture, Cal Poly, Pomona; 17 years in practice preparing and reviewing Visual Assessments.

Varner, Manieh - Transportation Engineer, Environmental Engineering Branch; Preparer of the Noise Analysis for the project; B.S. in Civil Engineering, SDSU; four years experience in environmental engineering and noise analysis.

Vermeulen, Diane - Environmental Engineer. Hazardous Waste review for the project; B.S. Civil Engineer, SDSU, seven years experience in hazardous waste analysis.

Walcott, David (P. E.) - Senior Transportation Engineer. Design Manager. BSCE, Cal Poly State University (Pomona), MBA, Pepperdine University, 25 years experience in project development.
